Sivasakthi Ramasamy

has successfully completed the online Professional Certificate

IBM UI/UX Designer

The certificate earner has demonstrated applied proficiency in user experience (UX) and user interface (UI) design, with a working understanding of Agile and Scrum methodologies used in modern product development. They are equipped with essential skills in user-centered design, wireframing, prototyping, and UX research, and are proficient in using industry-standard tools such as Figma and Miro. The earner is equipped to apply UX/UI principles in real-world projects with a strong focus on usability and user needs.
